

Course Syllabus

Italian C: Bachelor's Degree Thesis 15 Credits, First Cycle

Learning Outcomes

On completion of the course, students will be able to:

- search for, gather, evaluate and critically interpret relevant information in Italian in a problem statement
- independently identify, formulate and solve problems with applicable methods in the chosen research area
- explain and discuss, in good written and spoken academic Italian, information, problems and solutions based on research in the chosen field
- use the norms required for a thesis in Italian
- review and in Italian discuss a fellow student's thesis
- plan and complete the various stages of the work with the thesis within given time frames.

Course Content

In the course, students complete a limited research assignment in the form of a thesis written in Italian, specialising in linguistics or literary studies. The course includes in-depth studies in research methodology and norms for how scientific papers should be written. The course also includes the planning, implementation and defence of the written work as well as discussion in Italian of a fellow student's thesis.

Assessment

- Active participation in seminars
- Active participation in supervision
- Written thesis
- Defence of their own thesis
- Discussion of a fellow student's thesis

Grades

The grading scale used for the final course grade is U–VG.
